This large 4 bedroom, 2 living area, plus dining room home is an ideal family home. Situated on a corner block in an ideal location just a short flat walk into town, schools and the sporting and medical precincts of Foster. Weather board home with character throughout including ornate cornicing, polished floor boards, traditional glass doors & sash windows. The front area of the home has a formal lounge and dining room and three large bedrooms. A central kitchen modernised in the 1990's has laminate benchtops, dishwasher, gas cook top and electric oven, large pantry and ample cupboard space. Opens onto the 2nd large lounge area, with a solid wood heater, split system and access to the rear deck. A central bathroom to the front of the home is original with vanity and shower over bath. The master bedroom is towards the rear of the home is extra-large in size, with en-suite with shower, vanity and toilet. Direct access to the rear deck from the master and large dual aspect windows allowing plenty of light. A central laundry with a separate toilet off the laundry. Externally is a large corner block, with ability to add a shed (STCA) and plenty of space in the enclosed rear yard for the children or pets to play. Off street parking for 2 cars. A rear deck ideal for entertaining out of the wind. A deceptively large property and ideal family home. A real opportunity to bring back to its former glory and add value.
