Yes that's correct - a very rare offering is now available due to my vendor's circumstances changing. A rare offering in Crossley with a beautifully presented 4 bedroom home on 5 acres only minutes to Port Fairy, Koroit and Warrnambool. The master bedroom has a modern style ensuite with large walk in robe and the 3 other bedrooms are serviced by a modern family bathroom. There is a living room at the front of the home which picks up plenty of natural light as it faces to the north and a well designed kitchen, meals and open living space looks across the farmland toward the Killarney Beach dunes. With a spacious double garage plus a double carport with high clearance, there is plenty of room for the vehicles or caravan. The 5 acres is well fenced, with a farm, hay shed and has a bore. So if you are after a lifestyle property in a popular yet very quiet location with access to services close by, this one should certainly be placed at the top of the shopping list.
