\$680,000

* A beautiful location, only about 150 metres to the waters of Lake Wendouree.* Only a short walk to Ballarat Grammar School, the Wendouree Railway Station or the Howitt Street shopping & medical facilities. * A classic cream brick veneer residence, with some brick features and a durable terracotta tile roof.* Internally, at first, you will note and love the beautifully laid hardwood flooring in the lounge-dining, entry and passage.* Ornate plaster cornices in several rooms, including a superb ceiling feature central in the lounge.* The floorplan showcases five main rooms. Three bedrooms showcase useful built in robes. * Underfloor gas ducted heating is complemented by a split system and added gas space heater in the lounge. * The bathroom has been upgraded. There are two internal toilets to suit family needs.* The kitchen, with size, includes a dishwasher, an electric range and a plethora of storage in original joinery.* Love the style of the home, love the location, and the ability to live so close to so many facilities.
