Introducing 14 Mensa Street, this residence is a standout in the current market. Bursting with features and ready for its new owner.. don't wait too long! The fully fenced 680m² block showcases meticulously maintained irrigated lawns, a single carport with additional off-street parking. With a dividing fence that separates the front & back yard, solar power, and a front deck discreetly nestled behind the established hedges. You will find a spacious concrete slab to the rear with an undercover area providing an ideal space for entertaining family and friends. As if that is not enough, the back yard also provides a single shed big enough to secure a car or boat! Step inside to discover an open lounge and dining room adorned with polished timber floorboards. Split system air conditioning , a striking feature wall, and an abundance of windows welcoming natural light into the home. The renovated kitchen features style, with its vibrant and contemporary splash back, single stainless-steel sink, dishwasher, electric cooking with a range hood, and extensive storage space in the expanded butler's pantry/laundry. Navigate down the L-shaped hallway to find 3 generously sized bedrooms. Each equipped with built-in wardrobes, and two featuring split system air conditioning. The family-sized bathroom is newly renovated, boasting a shower over a tub, sleek black tapware, and a separate toilet. Act promptly and contact City & Country Realty TODAY!
