\$190,000

This comfortable two bedroom, one bathroom home, constructed from timber and asbestos, is ideally situated on a spacious 1012 sqm block. It features durable colorbond roofing and boasts an inviting front entrance complete with a railed timber front verandah and a generous covered timber rear deck, perfect for outdoor living. Inside, the home offers a modern and tidy kitchen equipped with a gas stove, and a cozy lounge with a tiled fireplace. Additionally, the property includes a solar hot water system that has been recently serviced. An adaptable office space easily converts into a third bedroom, adding to the home's versatility. Outdoors, the property features a substantial double lock-up garage with power, providing ample storage and workspace. Access to the property is enhanced by a convenient rear lane entrance, secured by large double colorbond gates. As the current owner is transitioning to a smaller unit, a selection of well-maintained furniture will remain with the home. This includes an LG refrigerator with a top freezer, two double beds, an electric recliner chair, a 38-inch TCL TV, dining and kitchen tables with chairs, five wardrobes, and several other sundry items. This additional furniture offers a fantastic opportunity for new homeowners to settle in comfortably with all the essentials already in place.
