Bedrooms: 3

Bathrooms: 2

Area: 1028 m2

Type: House

Robert Tacheci

\$1,145,000

(NB: a great idea of this property can be obtained by clicking on the virtual tour) Secluded behind high fences, once through the front gate, this magical property reveals residential-pavilion-style buildings, all set amidst a beautiful mix of lawns, flower beds, shrubs and netted vegetable gardens, on a good sized 1012m² block. Stroll in along the wide garden path, lined with lavender filled terracotta pots, to a range of buildings which comprise; • Owner's cottage with light and airy living spaces opening onto a front deck, generous sized and well-appointed modern kitchen, and main bedroom with ensuite. • Guest Pavilion with bedroom, ensuite and living space • Alfresco Dining Pavilion • Studio - with separate music studio and art studio (and storeroom with work counter) • Carport and Garage From the original, simple buildings of an early Bermagui vintage, this property has been lovingly transformed into comfortable, modern and elegant accommodation, all set within beautifully maintained grounds and offering a multitude of different garden "spaces" including one for the outdoor jacuzzi area. Despite the sense of being in your own special world, this home is centrally located and within an east level walk of nearby Bermagui River, Moorhead Beach, shops, restaurant and café, and school.
