This description paints quite the picturesque scene! It sounds like a dreamy Victorian home, complete with a blend of classic charm and modern comforts. The emphasis on privacy and security through the picket fence and hedging creates a sense of exclusivity. The mix of period features like the arched hallway, ceiling roses, and ornate cornices alongside the contemporary rear extension highlights the best of both worlds. The extension seems like a fantastic space for contemporary living, entertaining, and relaxation, especially with the solar and gas heated pool—a great feature for year-round enjoyment. The layout seems well-designed, with the central Baltic Pine hallway leading to spacious bedrooms equipped with built-in robes and stylishly appointed bathrooms. The full-width family area, incorporating a sleek Bosch-equipped kitchen, living, dining, and an alfresco dining area, sounds like an inviting space for gatherings. The deck overlooking the private tree-lined garden, pool, and pool house adds to the appeal of this space. The additional features such as Plantation shutters, ducted heating, air conditioning, roof storage, rear access, and off-street parking contribute to the home's convenience and comfort. Its proximity to amenities like cafes, restaurants, shops, cinemas, public transport, parks, and educational institutions makes it an ideal location for a variety of lifestyles. Overall, it seems like a wonderful residence, appealing to retirees, professional couples, and young families seeking both elegance and contemporary living in a prime location. **If this property is of interest to you, please ensure that you register your interest by clicking on the 'Get in touch' button, so that you are kept up to date with inspections, price changes and similar properties that may be suitable.
