Reimagined with contemporary flair to merge the beauty and charm of retro style with the versatility desired by families of today, this elevated brick home nestles into its lush garden setting only moments from Norman Avenue shops and Sweetwater Creek Nature Reserve. Sympathetically updated across solid timber floors, an elegant family foundation delivers a light-laden entertaining zone where the warmth of a dual-sided gas fireplace permeates across both living and dining spaces. Solid bi-fold doors expand or divide the zones depending on the mood, meeting with a stone-finished kitchen where tree-top views are enjoyed beyond Neff appliances, a Miele dishwasher and generous island bench. A rear Trex composite decking leads to a sun-drenched alfresco with Natural Gas point, where track blinds fully enclose the area to make for comfortable entertaining. Flat gardens spill to the fence line, where space for play presents amongst three raised veggie garden beds, a fernery, greenhouse and rear garden shed. Providing a gentle reminder of the home's rich history, a feature leadlight window in the reconfigured master bedroom retains the charm across an expansive walk-through robe and stylish ensuite, while three secondary bedrooms centre a fully renovated main bathroom with full-height tiling, walk-in shower and tub. Featuring Braemar ducted heating and cooling, 2x Daikin Inverter split systems (in two bedrooms), study nook, designated laundry and an oversized double garage with workshop/storage space, this premium family home meets the brief for young families with both a DPSZ and FHSZ address, while investors or downsizers will love its beachside location only moments from Olivers Hill Boat Ramp and Frankston Foreshore.
