Type: House

Susan De Lacy

WE ALL WANT THAT BIG SHED...& THE HOME THAT GOES WITH IT!!

Move straight in and enjoy this fresh and comfortable 3 bedroom home...or be a confident investor knowing that it will be a popular rental! Walking through the front door you will be happy to be home in winter with the cosy wood heater that heats the whole home, or in summer step through to the relaxing pergola area at the back of the home. This is the place to entertain friends and family while watching the kids playing in the big back yard where there is plenty of room to run around. Needing to keep the boat or van under cover is no concern here....the big 3 bay shed has all of your storage requirements. To top it off this fantastic home has recently had a new kitchen installed, new flooring throughout the kitchen/lounge/dining areas and the garage has been transformed for the perfect rumpus room or home office!

- * Evap cooling, wood heater & gas point
- * Built-ins in all 3 large bedrooms
- * Ceiling fans in bedrooms
- * Vehicle access to backyard
- * Power to the 3 bay shed
- * Heat transfer fan

This has been a much loved home to a family for almost 20 years, and is now ready for the next owner.
