Embracing its characterful Cedar cottage origins and accentuating its modern space and charm with a bespoke renovation, this significant family home indulges the growing family with every want and need, including the scope to create the alfresco space of your dreams. A renewed Hamptons-style facade highlights its attention to detail, opening to a layout primed for complete family enjoyment. Two large fireside lounges ensure a comforting space for everyone, served by a reimagined kitchen with high-quality appliances under a stone island design, and a butler's-style laundry space nestled to one side. A balance of work, rest, and play is met with a separate home office with its own front verandah entry, plus a large rear yard with a shed, a cubby house, and a myriad of options to create the perfect outdoor entertaining space. Accommodation is well planned as the downstairs main bedroom features a walk-through robe and ensuite, matched by the upper floor with cathedral ceilings over its three unique bedrooms, designer bathroom and third lounge. Unbridled charm is met with the benefits of Somerville living, just moments from St Brendan's and Somerville Rise primary schools, Somerville Secondary, Central and Plaza shopping centres, buses, Somerville Station, and easy Mornington Peninsula Freeway access. Additional features include split-system air conditioning, ducted heating, a double carport, ample off street parking and room for a boat/caravan.
