Located on a quiet street, walking distance to schools and shops, this one of a kind architecturally designed home has plenty to offer and loads of potential. This light filled home features three bedrooms, all with built-ins. Set back off the street, the large 2023 square metre block offers privacy and sweeping views of the adjoining countryside. The block itself is a gardener's blank canvas, featuring a large gardening shed, bore and large shade cloth area as well as large workshop. Down the bottom of the garden is a well fenced pet/Chook enclosure. Contact Josh Crosby on 0490813260 for more information or to book your personal inspection.
