Solid, affordable, four bedroom home in a great location, only a short walk from kindergarten, preschool, primary and high school - be very quick. This well-built large home really offers amazing value for money with features such as modern kitchen with new appliances and freshly painted large family room. There are four very large bedrooms, some with built-in cupboards and all with air conditioning. The bathroom has heated lights for those cold mornings and has a shower and large towel and linen cupboard. There is a drive-through carport and the property has rare dual access either side of the home for access into the backyard. There is a large garden shed to the rear of the property, which is handy for your mower and all those pushbikes and storage requirements. Make no mistake, this is the total package and is only \$259,000. First to inspect will buy.
