Like flicking through the pages of a glossy magazine comes to you a brand-new beauty in the Redstone estate on a generous block size of 610m² approx. You'll be blown away by the grandeur and extravagance that will greet you at the front door. There is too much to say about this property so this inspection is an absolute must! You'll find 5 bedrooms plus a home office. These bedrooms are no ordinary bedrooms. Downstairs you have a second master or otherwise fully equipped guest room with its own ensuite. Feel like you are in a 5-star hotel with the space, wardrobe sizes and the bathrooms that service these rooms are just on a whole new level. There are three separate living zones giving every member of the family their own space. No one is going to feel like they're on top of each other, that's for sure! The hero of the home has got to be the kitchen with expansive cupboards and bench space, top end appliances such as induction cooktop, integrated dishwasher and a double oven with a built-in air fryer. Outside, large stacker doors enjoy an entertainers dream with a large alfresco with polished concrete floors and a built-in kitchenette (with a built-in oven and induction cooktop) while looking over beautifully landscaped gardens to enjoy this summer. Other features to this extraordinary residence include an expansive laundry with outside access, refrigerated cooling and ducted heating which is zoned separate to every room in the house, built in speakers inside and out, double glazed windows, double lock up garage on remote with internal access and all of this whilst being directly across the road from a gorgeous park and playground. Once you step through the grand front doors, you will know then and there you have a place to call home. Call Lisa Totaro on 0410 144 215 or Cassandra Doria 0497 972 028 today to book a private inspection!
