Bathed in sunlight and located high on the hill next to nature the views from this beautifully presented family home over Ralph's Bay will inspire you every day. Located at the top of a quiet cul-de-sac the property backs onto the bush and is flanked by trees. Walking trails can be accessed directly through the gate in the rear fence where you will hear birds singing and see wallaby's hopping around. The home has been recently updated with a brand new bathroom and upgraded kitchen. There are three good sized bedrooms up the hall and a separate toilet. The living and dining area is open plan and heated or cooled by a heat pump and there is underfloor insulation throughout the whole property. At the rear is a partially under cover entertaining deck and an extensive tiered vegetable garden with a new retaining wall for the green thumbs to potter about in. Underneath is a tall single garage and workshop area with plenty of storage space. This outstanding home is a real delight and well worth your inspection.
