Every day is a holiday in this resort-style family home just metres from One Mile Beach! Spacious, airy, bright, and modern, if you're looking for a lifestyle upgrade this could be the end of your search. Palm trees frame the eye-catching brick two-story home with a wide driveway leading to the double lockup garage. Solar panels on the roof make for eco-conscious living, while a double-feature door invites you to explore the interior. The lower level is home to two generous bedrooms, both with built-in robes. There's an impressive bathroom with a separate shower and bath, plus an internal laundry with storage space accessed through the garage. A solid staircase leads upstairs to the second story, where the open-plan living areas you walk into are nothing short of breathtaking. Terracotta tiles stretch from wall to wall, as do the massive windows that let the natural light flood in. At the centre of the room is the gourmet kitchen – modern, well-equipped, and visually beautiful, it's a chef's dream. Dual living rooms, a sunroom, and a dining room provide ample space for entertaining and socialising. The master bedroom is also on the upper level. With warm timber floors, it boasts two built-ins and a sparkling ensuite. It's complemented by a study room, also with a built-in robe. The backyard has its own side access and is home to a deluxe, crystal-clear inground magnesium pool. To top it off the pool is heated largely by the solar system in place. An outdoor hot shower is perfectly located near the pool to wash off the salt and sand before you dive in. The alfresco entertaining area and the outdoor teenage retreat make it an incredible spot for family members of all ages to pass the summer days! In its pristine location almost right on One Mile Beach, this is a home that has so much within easy reach. Schools, shops, amenities, parks, restaurants and cafes are all yours to enjoy. If you need to know more, speak to the JKL team today. We'd love to help!
