'Peace Haven Cottage' is the quintessential beach cottage. A few minutes stroll takes you to the sands of Blackmans Bay Beach. On the same walk you can enjoy a coffee or a meal at the local restaurants and cafes. A 10 minute walk will take you to Hill Street Grocer in the heart of Blackmans Bay Village. Entrance is straight into the lounge room which opens to the kitchen. The master bedroom at the front of the house is off the lounge and the smaller bedroom is off the dining area. A completely north facing sunroom captivates all day sun. There is a separate bath, shower bay, vanity and toilet. The fully fenced large block is ideal for children. Snuggle up in this cosy cottage and listen to the crashing of waves or rain on the tin roof. Unfortunately pets are not permitted.
