Enveloped within private garden surrounds, this superb double fronted c1880's Victorian residence's magnificent original elegance has been enhanced by brilliantly renovated and extended dimensions that match designer style with family functionality. Nestled serenely behind a walled secure landscaped forecourt, the central arched hallway majestically welcomes with high ornate ceilings flowing through to a lounge room with a black marble gas fireplace and a beautiful north facing master bedroom boasting a bespoke walk-in robe and designer ensuite. Smokey oak floors and vaulted ceilings are featured in the sleek Calacatta marble kitchen appointed with V-Zug ovens including a combi-steam, integrated Liebherr fridge/freezer and a Vintec wine fridge. Surrounding a stunning central atrium, the expansive open plan living and dining areas with gas log fire opens to both a west-facing undercover terrace and an entertainment area overlooking the peaceful leafy rear garden which leads to a 2 car tandem garage accessed via ROW. Further accommodation includes a second bedroom complete with ensuite and walk in robe; a third bedroom with BIR; and a 4th bedroom or home office. A stylish bathroom with bath and a spacious powder room provides options for every accommodation need. This single level home is within walking distance from the myriad of shops, cafes and restaurants on Glenferrie Road and High Street and easy access to trams, trains and some of Melbourne's premier schools. This Victorian home offers everything for flexible contemporary living including security video intercom, RC/air-conditioning, double glazed doors and windows, irrigation, auto gates and secure front car-space. Land size 631sqm approx.
