Expressions of Interest

****Note:** Inspections are by pre-registered appointment, please contact our agents to arrange a viewing****** Visionary architecture, breathtaking unobstructed northerly views and cutting-edge technology unite in this peninsula masterpiece to deliver the ultimate in low-maintenance luxury living and entertaining with an awe-inspiring panorama over Sydney Harbour from all three levels. Built and finished to world-class standards in 2020, the freestanding home's commanding setting affords the most spectacular vantage point for enjoying the ever-changing harbour vista in what is undoubtedly Sydney's premier pocket of real estate. An artful manipulation of light and space allows the unobstructed harbour vista to take centre stage through full-height glazing and banks of skylights while a natural palette of materials and high-end finishes deliver a mood of quiet luxury. Every detail has been engineered to perfection and crafted without compromise but it's the glass-enclosed lift affording level access to all levels that really brings the wow factor while prestige features make the home a perfect entertainer and wellness sanctuary. A dress-circle setting in a tightly held enclave surrounded by some of Sydney's finest homes is just 250m to Lady Martins Beach and a scenic walk along the coast to Rose Bay's celebrated dining and boating scene.

- Commanding NE facing vantage point with dual street frontage
