This Queenslander home has seen multiple transformations within its time, with its most recent being converted back into a large, lovingly Queenslander. If size in a home is what you are after, this one will tick all of the boxes. All areas and aspects of this home are large, from the massive central living space, to the master bedroom which can only be referred to as a parental retreat, with a large ensuite bathroom and second room for office nook or built-in wardrobe. The kitchen again has lots of cabinetry & bench top space and is located to the rear of the home, with direct access to the rear under cover area. The laundry also hosts a third toilet, meaning when entertaining your guests won't have to walk through the home. Other features include; • Large main bathroom with separate bath and shower. • Polished timber floorboards. • Split system air-conditioning. • Pressed metal ceiling in the living area. • Some built-in wardrobes. • Gas cook-top • Huge laundry area with built-in bench space. • Fully fenced. • Steel stumping. Verandah wrap around both the Northern & Eastern sides, making the perfect setting for outdoor living in the afternoons.
