\$135,000

This beautiful block in Drummond Cove road is offered for sale reluctantly. The owners have already had 2 sets of house plans drawn up for this already retained lot. One set is for a double story home to take advantage of ocean views both north and west; while the second set of plans is for a single level home to take advantage of its brilliant location. A walk to the beach and an even shorter walk to Seahaven Park are just 2 of the benefits of this 726 square metre block. You don't need to settle for much smaller, inferior blocks when ones like this are available and its been priced to reflect an eagerness, no matter how reluctant to sell and let someone else build a home of their dreams. For further information contact Peter Courtland at Activewest on 9921 4455 or 0407 474 104.
