Believing is easier when you witness it firsthand, book in a private appointment today to see for yourself! Unearth a distinctive dual opportunity in the heart of Bowning, where two remarkable properties coexist in harmony. Step into a timeless oasis with this enchanting 1840's residence steeped in history and charm. This remarkable home offers a unique opportunity to reside in the idyllic setting of Bowning, surrounded by picturesque landscapes, and even operate your very own establishment, just like the ever-popular slab hut 'Rollonin Café'. This property is not merely a house; it's an investment in the future as well as a beautiful nod to the past. Its original convict-made brick façade is a captivating sight, and as you step inside, you'll discover hidden treasures like traditional ceiling roses and timber floors. French doors lead to a covered veranda where you can bask in the beauty of country living and see the beautiful views out the back of rolling green pastures and the magnificent view of Bowning Hill. The historic shingles beneath the tin roof and the cellar below tell stories of days gone by. While the home retains its classic period details, it has been thoughtfully updated to provide modern comfort and functionality. The spacious kitchen beckons aspiring chefs with its modern stainless-steel appliances and a vintage-style wood stove. Each living space boasts its own unique style, and the bathroom features the coveted clawfoot bathtub. Originally known as the 'Cobb & Co. Station Inn', this property was transformed into a private residence in 1876 and has been a cherished haven for families ever since. However, it was missing a vital element—the heart and soul of its original purpose. That's when the one-of-a-kind 'Rollonin Café' came into being, thanks to the vision of the current owners. Inspired by the main house, the café embodies the spirit of a bygone era, with a unique slab hut design that faithfully replicates local mid-1800s buildings. The walls are adorned with newspaper clippings dating back to the early 1900s, and the enchanting cottage garden envelops the café. Relax with a cuppa or a glass of something in the rustic shed and let the worries of the outside world simply fade away, leaving you in a rural paradise. For urban dwellers with a romantic heart, this is the opportunity to turn your tree-change fantasy into reality. The open spaces and relaxed lifestyle of Bowning are a stark contrast to the hustle and bustle of city living. Bowning's rich historical legacy is cherished by locals and adored by visitors from across Australia and around the world visiting the Rollonin Cafe, and continuous bus loads visiting the café it is a destination in its own right. The beautiful historic home complete with acreage behind and the busy 'Rollonin Cafe', you'll possess a private sanctuary and an opportunity to run your own business unlike anything else for miles around. This property presents an extraordinary dual opportunity to not only just own a home but also a versatile building that can serve as a business or residence, an Airbnb, or any creative endeavor, all within the idyllic setting of Bowning.
