This eight-year-old residence presents three bedrooms, nestled on approximately two acres, and is ready for immediate occupancy, sparing you the challenges of the construction process. The well-illuminated kitchen showcases a Westinghouse stainless steel 900mm five burner dual oven, complemented by an overhead range hood. Additionally, it includes an island bench with power outlets on both ends, a double sink, and convenient pot drawers. Moving on, you step into a tiled dining area that flows seamlessly into a family room, equipped with a reverse cycle split system and dual sliding doors, providing easy access to the property. A second living area with floating floors offers comfortable space for the family, and it boasts internal access to the double garage with a remote door, a highly desirable feature. The master bedroom boasts an ensuite bathroom and a walk-in robe, while bedrooms two and three are equipped with built-in robes and are conveniently located near the central bathroom and toilet. All of these amenities are situated on approximately 2.0 acres of land and are accompanied by a spacious shed featuring power, concrete flooring, and water access. This property awaits its next owner to add their own stamp on the home and enjoy everything that is already on offer.
