The needs of today's family are at the forefront of the Fernbank, a striking family home with an open plan living space, perfectly centred between a unique kid's zone to the rear and the parents' zone to the front. Entertaining with family and friends in the central living space with kitchen, family, dining and outdoor covered alfresco has never been so easy. While the kids play in the activity room to the rear of the home, retreat to the lounge room where you can relax and unwind. A large private master bedroom boasts a generous ensuite and a large walk-in robe; it is the perfect place to get away from it all and re-charge. This unique, versatile design also lends itself to be a split-level design, subject to site limitations and the ability to flip the front of the home to suit site conditions if required. Stylish and smart, Fernbank designs cleverly wraps up family time and me time and delivers an elegant home everyone will enjoy. Allow yourself to imagine the lifestyle you've always wanted; in the home you deserve! The Fernbank offers individually crafted facades that will inspire you by providing a choice of homes that reflect your personal lifestyle and preferences. For optimal site use, this design is best positioned on sites with the north aspect towards the rear & side of the home, providing sustainable and comfortable living conditions throughout the year.
