INVEST OR NEST

This well appointed 3 Bedroom Brick home which is set on a large 866sqm block with low maintenance garden is in the popular location of Strathdale, located close to schools, sports amenities, the shopping center and eateries.

The home features a master bedroom with ensuite and large walk-in robe whilst the other two bedrooms both have built in robes. The recently refurbished open plan kitchen and dining room leads out onto a paved undercover alfresco area.

The home is well climate controlled with ducted gas heating, evaporative cooling, an open fire place and ceiling fans in all the bedrooms. The large lounge room has cathedral ceilings and leads into an area that could be used for either formal dining or a study.

Outside a bitumen driveway leads to the double carport at the front of the home, while at the side there are double gates leading to an area large enough to store either a Caravan or Boat. In the yard at the back of the house there is a 5 x 4 mtr. brick workshop with concrete floor and power. A rainwater tank with pressure pump which can be connected to a dripper system that runs throughout the garden.
