\$375,000

This quaint 3 bedroom, 1 bathroom home is situated on 538sqm land and Zoned Residential R-30 allowing possible re-development opportunities. Enjoying a town centre location on Dempster Street and being part of the older established area of Esperance, you are just a short distance away from central CBD with town beach close by. The funky interior brings back memories of yesteryear with 60's style decor and trimmings. The three bedrooms are generously sized and the central bathroom includes a shower and vanity. Additionally, there is a separate toilet located in the laundry. The exterior offers rear yard access and several sundry sheds for storage. Ideally suited for the investor looking for land suitable for re-development.
