From this delightful donga-style cottage, you can barely tell there are any neighbours at all! Set on just under 10 acres of gumtrees, nestled between farmland and parkland cleared bushland with picturesque granite outcrops, you will be inspired by the beautiful Beverley Sunsets and cosy open fire on the verandah to enjoy the seclusion you are seeking. Yet only 2 minutes to Beverley town and an easy drive to Armadale, Midland or Perth Airport, the 1-2 bed cottage has a combined living/dining/kitchen area suited for single or couple. For a bigger family, there are options to build a new house and retain the cottage as a granny flat, kids hangout or other secondary accommodation. Divided into several paddocks, with mains power, water tanks, approved double garage with concrete pad and a bore, here is the perfect place to pull up a chair and relax. But don't get too laid back as the demand for such a property is high and you may have to beat off the crowds to secure it.
