Bedrooms: 3

Bathrooms: 2

Type: Rural

Joss Harman

IN THE HEART OF THE VALLEY

Situated on some of the best Scotsdale Valley land, this excellent farm has it all. 47.56 ha (over 116.5 acres) of well developed, well fenced and watered land at the corner of Scotsdale and Harewood Roads. Divided into 7 paddocks, all watered and leading to quality partly covered cattle yards. Netted household orchard. The home is a beautifully restored 3 plus two with Jarrah features. There is also a separate self-contained (apart from stove) flat, 5 bay steel GP machinery shed with concrete floor and power connected. Plus an additional powered shed and an older workshop building. The home is on filtered rainwater and a sola pump supplies stock and garden water from a permanent soak. Access along a delightful tree-lined drive. Mostly pastured, apart from shade and shelter. There is virtually nothing more to do, other than watch your animals grow and enjoy the nearby local attractions. Contact Joss on 0427446645 for further details.
