On a sun soaked northeast corner block approx 100m from the water's edge, this full brick double storey home combines an original 1920s bungalow with architecturally respectful renovations, a master built addition, separate studio and multiple car garage to provide sophisticated contemporary living and entertaining without compromise. A devotion to quality on this scale coupled with energy efficient features and finishes of rare opulence is an ambitious undertaking, yet the home not only delivers but exceeds all expectations and would be almost impossible to replicate. Brilliantly designed for an indoor/outdoor lifestyle, it includes a heated mineral water swimming pool and open air pavilion with summer kitchen plus a dedicated firepit area and gourmet pizza oven. A rare opportunity to purchase a home of readymade luxury needing nothing done, the property promises family lifestyle excellence in one of Drummoyne's most sought-after locations.

- Keyless entry, alarm, intercom, security camera system
- Wi fi automation, ducted air, heated floors and designer lighting
- Open plan living/dining flows to the pavilion and pool
- Island kitchen has induction cooking and walk-in pantry
- Four beds, two each with ensuite, plus study and studio
- Multi-car garage with studio/teen retreat/office above
