On the cusp of East Geelong sits this delightful near new home in this quiet tree-lined street amongst loved character, mid century and modern homes. Sited on a manageable but generous 383m² block, the home consists of 3 bedrooms, master with walk-in robe and full en-suite, family bathroom and open plan living area with a chic kitchen featuring stone benches, 900mm stainless steel cooker and walk-in-pantry. There is a single garage plus a large rear yard with laneway access which could be further developed to garden space or a second garage. In a fabulous location, just a short walk to the (soon to be upgraded) South Geelong Station, University Hospital, Barwon River, Botanical Gardens, Waterfront and East Geelong Shopping Village, this is the energy efficient, low maintenance home you've been looking for.
