In a quiet and restful setting, purposely built for the consummate couple and just metres away from the delights of the bay and buzz of the village, the home is a haven of luxury living allowing for room to move and enjoy as you please but ultimately the clever floorplan offers surprise opportunities to generate additional space if required. With a Vautier Street entry via a long path the ground floor is made up of a sizable bedroom with a classy ensuite and private terrace as well as triple garage for the cars, boat, bikes, gym, or potential extra living. Upstairs and enter the beautiful open plan zone, expansive and alive with the backdrop of the trees outside beaming through the massive wall of windows. The 3-metre centre piece island bench, quality kitchen appointments, polished concrete heated slab floor, the sense of security and of course the plush master suite are all enough to make you not want to leave the second floor. But onwards and upwards to the top and to the open terrace in the sky and in amongst the trees that offers oodles of entertainer space with the 2-person luxury spa a tonic for relaxing summer and winter days or nights, alone, together or with friends. Much more to say but an inspection is a must as you will soon discover the comforts, style and delights that could be your very next perfect home in Melbourne's premier beach location.
