Offers Above \$299,000

The best of both worlds, low maintenance property and yet has pretty much everything you need! A surprisingly spacious 2 bedroom home that has the bonus of a games room/third bedroom extension. The kitchen has had an upgrade and works well with the open living/dining area. The bathroom is big and there is the option of 2 toilets just in case! The block is an easy care 403m² but still allows for drive thru access from the single carport/garage for any extra parking requirements. Solar panels, ducted evaporative air conditioning and all in a cul-de-sac street, offers so much!
