With its free-flowing, triple-level layout, first-class features, and flawless presentation throughout, this architect-designed, contemporary townhouse delivers a lifestyle of low-maintenance perfection in an enclave of quality homes minutes from the centre of Greensborough. Light-filled and large, the sleek and stylish spaces start with a ground floor offering a study, guest powder room, laundry and internal access to the oversized remote garage. Stairs to the mid-level bring you to the living room. Graced with enormous double-height windows and anchored by a kitchen finished with stone waterfall benchtops, a glass splashback, and quality stainless steel appliances, it opens to an expansive outdoor area. Large enough for lounging, cooking, and dining, it enjoys loads of sunlight filtered through the trees. Sharing this level is the main bedroom. Complete with a walk-in robe and deluxe ensuite; it drifts out to its own private balcony to create the ideal parental haven. The third level introduces two further bedrooms, both of which boast their own balconies and share the spacious family bathroom. Underscoring the easy living are extras, including multiple split system units, ceiling fans, video entry, a water tank, and a location that has the bus at the end of the driveway and parks, the station, Main Street's dining options, and Greensborough Plaza all within a relaxed stroll.
