\$635,000

Behind automatic security gates, you will find a 1985 built home on a 1307sqm block that provides some great room for a growing family. The multiple living spaces really set this home apart from the rest. The front lounge, the combined kitchen and dining, the indoor entertaining patio with wood fire heater and even an undercover patio if you prefer the fresh air; the space in this home is incredible! The kitchen is brand new and has ample of cupboard space a dishwasher and plenty of bench space for the cook in the family. The bedrooms are all generously sized. The front bedroom and the rear bedroom both offer ensuite's and built-in robes while the remaining 2 also have built-in robes. The main bathroom of the home is fully equipped with a shower/bath combo, toilet, large vanity with plenty of storage and located centrally amongst the bedrooms/living areas. The separate laundry has access from the driveway, as well as a built-in linen cupboard. The grounds of the property are also impressive. A long driveway up one side of the property leads to a single garage. Plenty of room to park on the driveway, as well as space for two more cars to be parked within the gate without obstructing the driveway further. The automatic gate also has side access. With plans already approved for a separate three bedroom Town House which has double garage and two ensuite's this could be ideal for the savvy investor or extended family. For your inspection, call Joey Maloney at Ray White Launceston today!
