Boasting double cavity brick construction and terracotta tiled roof, this beautifully built family home has just been sensationally transformed with a modern contemporary extension added at the rear of the home. Offering 5 spacious bedrooms and 3 luxuriously appointed bathrooms, this cleverly designed family home offers a sophisticated modern lifestyle whilst retaining the charm of the original post war home. Entirely separate to the main house is the old garage which has been completely gutted and rebuilt into guests quarters or perhaps a granny flat or teenagers retreat. This residence includes:

- Impeccable kitchen with caesarstone bench tops, Blanco convection oven and Smeg cooktop
- Open plan living and meals spaces
- Primary suite with luxuriously appointed private ensuite
- Three additional bedrooms, each with built-in-robos
- Family bathroom and guest powder room
- Entertaining patio and in-ground swimming pool
- Separate teenagers retreat with bathroom
- Laundry room with ample storage
- Polished hardwood timber floors and high ceilings
- Air conditioning and ceiling fans throughout
- Independent sensor security lighting system
- Walking distance to parks and minutes to local cafes
- Within catchment of Wavell Heights State School and Wavell Heights High School
- Just 9kms from Brisbane CBD and 8km from Brisbane Airport
