The perfect proposition for anyone looking for their dream home PLUS a private self-contained studio to accommodate work, guests or extended family, this beautifully presented Diamond Creek home really is a standout. Set on a glorious 800m² (approx) of landscaped gardens in full spring bloom, this home is as beautiful as it is functional, just a kilometer from the heart of town. The attractive single level home has a leafy street appeal, delivering 4 robed bedrooms, including the main bedroom complete with its own ensuite. Each of the 2 living areas enjoy beautiful leafy views of the garden, while the well-equipped central kitchen, spotless family bathroom and practical laundry round out the floor plan. A covered alfresco deck creates a seamless link between home and garden, with beautiful roses, lush lawn and even a garden pergola together creating a truly idyllic outdoor space. The quality constructed studio enjoys its own bathroom, kitchenette and lush garden aspect, and you'll love further highlights such as a double carport, garden shed, ducted heating, air conditioning, plush carpet and great storage. Close to schools, shops, bus, train and playgrounds - this one has it all!
