Terrific family home, in a great area

In a sought after pocket just a stones throw from St Mels primary school and St Georges Road Primary School, childcare facilities, shops and the Shepparton train station, there's terrific opportunity here to either renovate or move straight into this terrific family home or potentially subdivide the rear yard (stca)

Features of this original, extremely well kept property which has been fastidiously maintained by the same owners for around 40 years are 8 ft ceilings, three spacious bedrooms with built in robes in two, a comfortable lounge with a wall heater, as well as a rear sun room, open plan kitchen / dining room with electric cooking, front and rear security doors, ceiling fans through out and plenty of storage.

Outside on the 650 m² (aprox) block there is a carport with rear yard access through a roller door, a workshop/shed and low maintenance established gardens front and rear.

This is an exceptionally well build property requiring very little work and with a lot of potential in a very sought after area and no doubt won't last long so ring today to avoid disappointment.
