This home is an Ideal Renovator and well suited to add some value with some TLC. The 1973 built property, being a past rental, would benefit with an internal spruce up. Having 4 bedrooms and of Brick Veneer construction, a youthful enthusiastic builder could make this a family home to raise the children. The separate front wood fire comforted lounge provides the seating area, with views to the West for the evening sunsets. With both the front and rear of the home having patios, and enough hard stand for several vehicles, there is room for all. An additional character shed for a workshop allows for the hobbyist within. Cars and motorbikes could be visited often throughout their transition from old to new. Nestled on an 871 M block there is still room for a veggie and herb garden. Equipped with established lawns, shrubs and shade trees. Only minutes to a choice of supermarkets and convenience shops at Australind and within a ride to Primary and High Schools. Book with exclusive rep to request viewings with current appreciative tenants.
