Forthcoming Auction

This immaculately designed and built home provides you with the best Bungarribee has to offer. There's been no expense spared to build this double story home that simply says style and sophistication the moment you walk in the door. Things we love about this home; * A formal lounge and dining space that is simply breathtaking. Also on the ground floor is a seamless family dining, lounge and kitchen area that flows to alfresco area in the low maintenance backyard.* Add a bedroom downstairs, a media room upstairs and the plan of this home caters for the most avid entertainer.* Your chef at home will love the stainless steel appliances, the gas cooking, the island bench with breakfast bar, the loads of bench space and a huge walk in pantry. * Let's finish off the downstairs with an oversized internal laundry with space to delight. * A large bedroom and a full bathroom downstairs, perfect for visitors or extended family. * Upstairs are 3 generous bedrooms and a parents retreat or rumpus room, take your pick. * The master is an oasis of serenity with a big walk in robe and bathroom with shower.* The rest of the bedrooms also have generous build-in robes. This level is rounded off with a generous family bathroom with bathtub and separate toilet. Additionally a short walk to train station and bus stop, a five minute drive to M4 and M7 motorways, natural gas connected to the home, ducted air-conditioning, double garage and solar panels, a large backyard with landscaped gardens, and a back to base alarm system with intercom. You simply have to circle this one! For more contact Billy Markovski on 0424663522.
