From \$609,000

This one is exceptional! It is set on a beautiful street, opposite the lovely walk trails and parklands that make this estate so highly sought after. The Domain by Plunkett built home is superb in every way, and the high-quality build completed in 2016 is a sure winner. With exceptional design, this is a home that works perfectly for low-maintenance living with space to live your life. It's currently tenanted until March 2025, so it's ideal for investors or home buyers who can wait until then to move in. **LIVING HERE** Take a look at the floor plan... See how good it is?! This is a highly functional design, and it's been further enhanced by the owners, who have upgraded cabinetry throughout the home. The kitchen is superbly designed and features high-quality cabinetry, glass splashback and a two-drawer dishwasher. It overlooks the main living space and there's all kinds of room to configure this part of the home to suit your life. The main bedroom is beautifully spacious and has the 31 course ceilings and smart storage with all the hanging space, shelving and drawers. The secondary bedrooms are all of a good size, and there's high-end cabinet work in here with the built-in storage solutions. The front room is a study or smaller fourth bedroom depending on your needs. There's open shelving in here. The main bathroom is excellent and features stone bench tops. There's a theatre room with built in storage and the study at the front of the home. It's all so well configured and this design takes the top prize for quality and appeal. The indoor living flows beautifully out to the alfresco area with the exposed aggregate concrete and outdoor cooking area. It's a lovely element to the design and there's a rangehood and work bench so you can show off your barbecue skills. The backyard is simple and easy to maintain, with lawns and established gardens creating a beautiful space. **WHAT NEXT** Hit the **EMAIL AGENT** button and we'll be in touch to set up a time so you can see this excellent home for yourself. If you're not local we have a video tour we can send through, just use that **EMAIL AGENT** button to request more information.
