Move straight in and enjoy the exceptional re-birth of this sturdy steel framed brick and tile residence. It is situated on a near-level 4000m² block in town and with all services. The home itself is as modern as today and offers an attractive as-new electric kitchen with a more than ample walk-in pantry and appliance storage, The main bathroom has been conveniently designed and is lavishly appointed. It is complemented by a superbly appointed laundry with extra shower and toilet as well. The master bedroom is king-size and all three bedrooms have quite substantial built-in wardrobes. Year-round creature comfort is provided by way of instant air-conditioning. A very welcoming out-door entertaining area seamlessly links with the internal living areas. The property offers an extra large double garage (with a third toilet) and internal access to the home. A large metal shed will accommodate more vehicles, toys and workshop space. If you are looking for a retirement home with no demands then you are most welcome to consider this delightful gem.
