Rarely does a home of such quality present itself, and this one is an absolute gem not to be overlooked. Nestled in a quiet estate in South Shepparton, this two year old Dennis Family built home captivates from the moment you step through the front door. At the heart of the home lies the expansive open-plan kitchen, meals, and living area. Designed for family life, the kitchen is fully equipped with a 900mm gas cooktop and underbench oven, dishwasher, and an oversized walk-in pantry. Pendant lighting, stylish downlights, quality window furnishings, and 2.6m ceilings exude style and sophistication. The master bedroom, generously sized, features an ensuite and his and her walk-in robes, while the adjacent second living area serves as an ideal parent's retreat. Another living area awaits, perfect for a games room or home theatre. The remaining three bedrooms, all with built-in robes, are strategically positioned near the main bathroom. Climate control is seamlessly managed with evaporative cooling and gas ducted heating. Outside, quality continues with an alfresco area, ideal for entertaining and enjoying warm weather, complete with a ceiling fan. Side access allows for convenient parking of a caravan or trailer. The double garage, with internal access, ensures security and privacy. An inspection is essential and prepare to be amazed from the moment you step inside.
