\$495,000 - \$540,000

"There's not many homes you can buy in Officer under \$600,000 but here is one and it will tick so many of your boxes."The modern home is located in a very convenient location. In fact, you are walking distance to parkland, shops and Cardinia Train Station. You're also zoned to John Henry Primary School - one of the most sought-after primary schools in the area. It's also only a 90-second drive away from freeway access. It's this type of location that ensures a positive resell in the future.The property is also located at the rear of the complex with only one adjoining property making the townhouse one of the more private townhouses on the market. The property includes:- Three bedrooms, master bedroom with en-suite;- Large open plan living/dining area with a view;- Modern kitchen with island bench top;- Additional study/small living zone downstairs;- Heating and cooling;- Double car garage;- NBN internet access.Inspect this weekend!
