All set to transport you to the French Riviera, this luxury 5-bedroom seaside sanctuary with balmy heated swimming pool offers an oasis for opulent getaways or a permanent abode on the very tip on the Mornington Peninsula, in walking distance to the surf beach, bay beach, Portsea Hotel and coastal attractions. The dual-storey residence pairs a capacious and opulently appointed 3-living-zone layout with a sophisticated luxe Palm Springs aesthetic defined by high ceilings, timber flooring and plantation shutters. The culinary kitchen flanking the dining zone boasts a colossal stone breakfast bar, suite of high-end appliances and a butler's pantry, while a wall of bi-folding doors glides open to a vast bluestone terrace overlooking the swimming pool to feast on fresh local seafood in the beachside ambience and sip cocktails beneath the etoiles. A choice of lavish living zones and a central terrace provide a selection of settings to unwind from this opulent coastal oasis, which offers 3 ensuited bedrooms, 2 additional bedrooms, a 4th bathroom and two powder rooms (one outside). A short drive to wineries, breweries, surf breaks, horse-riding trails and other coastal spoils, this breathtaking seaside sanctuary offers an idyllic escape just 90 minutes' drive from Melbourne.
