Renovators delight! Yes, she needs some TLC however the bones are solid, don't miss out on the opportunity to buy this affordable property. A quaint 2-storey, 2-bedroom, 1-bathroom home with sleepout that could easily be converted into a third bedroom. This home is a blank canvas and is priced accordingly. The kitchen area is large enough to create the perfect country kitchen design, a coat of paint on the walls is all that is required to brighten up the large open living area. The bedrooms are quite large and have ample room to add built-in wardrobes giving them that modern finish. Located in the rear yard is a 3-bay carport and a garden shed. This home is situated in a quiet street in the country suburb of South Johnstone, within walking distance to a primary school and approximately a 15-minute drive to the Innisfail CBD. The sellers are very motivated to sell this property and it would be ideal as a renovation project for the right person to transform this home back to its former glory.
