Set on an acre of land within the town boundary, this is a rare opportunity to get this sized block with an established home; excellent shedding and with an affordable price. This is a quiet property, right at the end of a cul de sac, if you see a car that doesn't belong to a neighbor chances are they are lost! The four bedroom, one bathroom home is very neat and tidy. A central kitchen, dining and living room is the heart of the home. A large master bedroom with built-in robes is at one end of the home and three kids rooms are at the other end of the home. The block offers plenty of potential; with slightly sloping land it is perfect for the gardener or young family with energetic kids that need wearing out! With the house and shed at one end of the block this property is a prime candidate for subdivision if the new LEP allows. The massive shed with 3 phase power is ideal for the home handyman or someone looking to work from home. Currently tenanted at \$450 per week until September; this will also suit an investor looking for longer term prospects.
