Joy Fernie

**\$220,000**

This gorgeous three bed one bath home is a pleasure to inspect. From the stylish well thought cut out opening to the kitchen from the spacious dining area across to the large open plan living area adjacent this is comfortable family living at its best. The ultra-modern bathroom is a delight to enter. With air conditioning to living area and two bedrooms and ceiling fans throughout this home will be the perfect retreat in summer months. Stepping outside from the living area down some stairs you enter an extra room with laundry area concealed behind doors when not in use. A great space saving idea from inside the home. The bedrooms have mirror door wardrobes and luxury carpet flooring to finish. Tiled and vinyl flooring and timber to the remainder makes cleaning easy. The care and attention shown inside the home has been carried through to the beautiful outdoor area. Stepping outside the huge entertainment area will be a popular retreat with excellent access from the front yard and down the side of the home. Guests can be welcomed easily to this beautiful downstairs area. A garden shed to the backyard takes care of storage. Set on a 708 sq m freehold block with full driveway to complement the exterior view of this family home. Shade tree and beautiful lawn to the front yard completes the picture.
