**\$1,250,000**

After seeing our other successful marketing campaigns in Medowie our vendor approached us about placing their property on the market. We created a step by step campaign which included approaching our vast database of buyers to secure a sale for a STREET RECORD without the hassle of going to the market. After showing this exquisite home to a select group of buyers a sale was negotiated with multiple offers smashing the previous street record we set in December. For a campaign designed specific to your needs give me a call today on 0417 977 476
