\$1,200,000 - \$1,250,000

Build your future on your own full family block, right where the 1950s Dream Homes meet the new world! This brick-veneer beauty is one of the best ...with three big bedrooms, an extra-large lounge and a window-walled skylit sunroom overlooking the kids' paradise backyard. A well-loved family home that's wonderfully-solid in this family friendly location, this home is brimming with comfort and potential. Impeccably presented with a classic timber kitchen alongside big-hearted dining, and a well-positioned family bathroom with separate WC, this spotless and spacious home has today's comforts with ducted heating, fan-cooling, built-in robes for most bedrooms, and climate-controlling security roller-shutters for most windows. Even the family-sized approx 597 sqm grounds are immaculately styled and impressively appointed with auto-entry garaging for four cars (including a separately secured double-plus brick garage), broad lawns for kids to run, old orchard trees to harvest, and a rose-filled front garden to stop and smell! Move in and give the kids the space they deserve, render, renovate and live the dream with today's style. Perhaps even see what the neighbours have done and take an all new view! Just around the corner from Bricker Reserve, this 1950s family home has an ideal location too; close to child care and schools, just a couple of minutes to Highett Rd's hospitality strip and station and Southland's retail therapy... and within easy reach of Bayside's beachside lifestyle. For more information about this 1950s Dream Home contact Paul Sibley at Buxton Hampton East on 0403 325 423.
