\$390,000

Situated on a 1022 m2 allotment on the edge of town is this beautifully restored and renovated 3 bedroom 2 bathroom family home that has a touch of charm about it. The home comprises 3 generous sized bedrooms with the master enjoying a walk-in robe and modern en-suite, north facing massive lounge room bathed in natural light, dining room with wood heater and split system air conditioner, spacious new kitchen with eye catching splash back, double bowl sink, electric appliances and dishwasher, great sized family bathroom, roomy laundry and separate toilet suite accessed via beautiful handmade barn doors. Extra added features include blinds for privacy, LED downlights, leadlight windows and the home is fully insulated. Outside you will find a single lockable garage/workshop with attached single carport, water tank, original chimney feature that really catches the eye, plus there is plenty of room to move about on this spacious allotment that is fully fenced with gated access. It has been re-wired, re-stumped, re-plumbed, re-clad, just sensationally recreated. It is charming and ideal for that first home buyer to have a new home at an affordable price. This presents a great opportunity to enter the market. There is something special about this one and I think you just may feel the same way.
