Emulating the chic and stylish sophistication of its elite surrounds, 135 A'Beckett Street is a masterclass of modern architecture. Subtle shifts in exterior glasswork maximise natural light, disrupting skyline monotony with sharp geometric patterns. Inside, one bedroom hoardes a wealth of space, accommodated by a smartly finished kitchen and bathroom flaunting floor-to-ceiling stacked white tiling and frameless rainfall shower. Complete with floor-to-ceiling glass, sunrise balcony, and a crisp, modern finish, EQ tower boasts resort style amenities, including karaoke suites, cinema, gym, 25-metre outdoor swimming pool, sauna, spa, and outdoor terraces. Positioned in the ever-popular A'Beckett precinct, this esteemed address is seconds from Queen Victoria Markets, Flagstaff Gardens and the cultural commons of the world's most livable city.
